

Butterfly Sun catcher!

Supplies:

1. Clear Contact Paper (if you don't have, you can have it laminated at the library when it's completed)
2. 5 different colors of Tissue Paper
3. Glue Stick
4. Hobby Knife
5. Scissors
6. 2 Butterfly Templates on cardstock – supplied by the library

Steps:

1. Cut out the butterflies along the outside of the black outline. Then, with your hobby knife, (with help from a parent) cut out the white portion of your butterfly, Leaving only the black outline.
2. With your scissors, cut strips of the tissue paper, the length of your butterfly laying them across.
3. Next, flip it over and glue on each layer of tissue paper with your desired colors covering the entire butterfly sun catcher craft.
4. Then, carefully glue on the other butterfly template so that it aligns with the other side.
5. Once it's dry, you can trim the excess tissue paper on the outside of your butterfly. Done!
6. If you have, cover both sides with your clear contact paper. (if you do not have, you can get your butterfly laminated at the library)
